Unique Access

Procurement can be labour intensive and expensive, particularly if you do not have a specialist procurement team. At SUPC, we offer a wide-range of over **130 frameworks**. Each framework is developed in consultation with commodity and stakeholder experts, providing **fast-tracked, legally-compliant** and **cost-effective** procurement for your organisation.

What do SUPC do?

We help universities, colleges and other organisations buy smarter. Members use our frameworks and support services to make sure their procurement activities deliver value for money to students, staff and wider communities. Our mission is to deliver a comprehensive set of high-quality procurement services that add tangible value to the members and the education sector as a whole.

What are the benefits of using our frameworks?

Easily implemented framework solutions based on your biggest spend areas.

Cash and process (time) savings.

Continuous improvement within long-term supplier relationships.

Compliant routes to market.

To find out more about how frameworks work, please watch our [Induction Webinar](#).
