

# Single Framework Access

## For any publicly funded organisation

Procurement can be labour intensive and expensive, particularly if you do not have a specialist procurement team. At SUPC, we offer a wide range of over **130 frameworks** covering the key goods and services you need to buy. Each framework is developed in consultation with commodity and stakeholder experts, providing **fast-tracked, legally-compliant** and **cost-effective** procurement for your organisation.

## How Can SUPC Help You?

We help universities, colleges and other organisations buy smarter. Members use our frameworks and support services to make sure their procurement activities deliver value for money to students, staff and wider communities. Our mission is to deliver a comprehensive set of high-quality procurement services that add tangible value to the members and the education sector as a whole.

## What are the Benefits of Using our Frameworks?

Easily implemented framework solutions based on your biggest spend areas.

Cash and process (time) savings.

Continuous improvement within long-term supplier relationships.

Compliant routes to market.

Find out more about how SUPC and how to get the most from frameworks by watching our [Induction Webinar](#).

# Single Framework Access

## How Does it Work?

For a small annual fee, organisations can access a single SUPC framework to help them buy quickly and compliantly. SUPC has a range of frameworks available, such as:

- Temporary and Permanent Recruitment
- Travel
- Library Books and Periodicals

- Laboratory Gases
- Laboratory Equipment

- Software
- IT parts and accessories

When you have access to a framework it comes with pre-agreed terms and conditions, contracts, price lists, and a handy 'buyer's guide' to get you started. SUPC frameworks offer competitive pre-agreed pricing and fully vetted suppliers.

You can also check out the SUPC YouTube channel for a range of bitesize introductions to all things 'framework'! [Click here to learn more.](#)

**For information on accessing our frameworks outside of membership, please contact us at:**
