Company Secretary:

C Tudor-Morgan Head of Finance and Operations

Auditors: James Cowper Kreston

Reading Bridge House

George Street Reading RG1 8LS

Legal Advisors: Field Seymour Parkes LLP

1 London Street

Reading RG1 4PN

## REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022

The Directors present their annual report together with the audited financial statements of the charitable company for the year ended 31 July 2022. The Report of the Directors is the Directors' Report as required by S.417 of the Companies Act 2006 and the Directors' Report as required by the Charities Act 2011. The financial statements comply with the requirements of the Companies Act 2006, the Charities Act 2011, the charitable company's Memorandum and Articles of Association and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

### Structure, Governance and Management

#### **Governing Document**

The organisation is a charitable company limited by guarantee, incorporated on 17 July 1992 and registered as a charity on 18 November 1994. The charitable company was established under a Memorandum of Association, which established the objects and powers of the charitable company and is governed under its Articles of Association. The current Memorandum and Articles of Association were adopted on 16 November 2021. Members of the charitable company guarantee to contribute an amount not exceeding £1 to the assets of the charitable company in the event of winding up. As at 31 July 2022 there were 36 Members and the total number of such guarantees was 36 (2021: 28).

### Appointment of Directors

Under the provisions of the Articles of Association the directors are appointed for an initial term not exceeding four years by the Members of the charitable company by ordinary resolution. Directors may be elected for a second term not exceeding four years but may not serve more than two terms of office unless they are appointed as Chair of the Management Committee during their second term of office. Directors retire in rotation.

#### **Director Induction and Training**

SUMS directors include member representatives both from the institutions that comprise the charitable company's membership and those that represent the institutions that subscribe to SUPC. As such they have a good understanding of how the charitable company is structured and operates and will have already worked with the various business units of SUMS in their capacity as member representative. As part of the induction process new directors participate in discussions with the Group Chief Executive (CE). The Charity Commission publication 'The Essential Trustee' along with the Memorandum and Articles of Association and a role profile are distributed to new directors.

### Management

The charitable company is organised into three divisions: SUMS Consulting, Southern Universities Purchasing Consortium (SUPC) and Procurement Shared Service (PSS). In 2019 the company underwent changes to its Articles of Association to create an equal balance of representation from the different business units of SUMS within its Management Committee. The Management Committee now comprises a minimum of six directors; three representatives appointed from the Members of the charitable company and three appointed to represent Southern Universities Purchasing Consortium (SUPC). The CE carries out day-to-day management of the charitable company under the direction of the members of the Management Committee.

The company has 20 full-time employees, 7 part-time employees and a pool of associate consultants.

SUMS Consulting provides management consultancy services. Its principal activity is to promote the efficiency of the administration of educational charities in direct pursuit of their objects through the conduct of management consultancy assignments at the request of beneficiaries.

## REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

SUPC provides services to higher education institutions and further education colleges that are its subscribers. Its principal activity is the co-ordination of purchasing activity between its beneficiaries in order to share expertise and to achieve efficiency in purchasing.

PSS provides specialist procurement support to higher education institutions and further education colleges to help them secure value for money from their procurement activities. This includes the delivery of the Procurement Maturity Assessment Programme to English HEI's.

### Remuneration Policy for Key Management Personnel

The salary policy, which includes the framework for setting pay for all staff including key management personnel is reviewed by the Management Committee every two years. The basis of the annual salary review is to give an annual cost of living increase, and consider any further increases related to performance and changes to each role across the year. The cost-of-living increase is set having regard to the award applied to the HE sector, whilst the review of performance and roles is undertaken against both the banding structure in place, with benchmarking against similar roles both within and outside the sector considered every two to three years.

#### **Related Parties**

The University of Reading is a member of the charitable company for which it pays the annual subscription fee. The University of Reading also provides payroll, supplier payments, banking services, pensions facilities, IT infrastructure and IT support to the charitable company. The charitable company makes payment to the University of Reading for the services provided and for rentals for the premises occupied under lease by the charitable company.

#### Risk Management

Major risks to which the charitable company is exposed are reviewed regularly, documented in a Risk Register and categorised according to their severity based on their likelihood and impact. Actions and procedures have been established to identify and mitigate these risks. The Risk Register is reviewed by the Management Committee annually, with dynamic risks being reviewed at each meeting of the Management Committee and the Executive Group.

#### The current key risks are:

Risk	Mitigation
The potential impact of USS pension scheme deficits	<ul> <li>Deficit recovery plans in place at scheme level</li> <li>Ensuring pension scheme provisions remain appropriate</li> <li>Targeting a 5% annual surplus to maintain appropriate level of reserves</li> </ul>
The potential failure to meet planned financial targets	<ul> <li>Investing in new business and service development including the launch of new and larger-scale products</li> <li>Strengthening of core staff capabilities, supplemented by a growing pool of associate consultants</li> <li>Close monitoring of financial performance and cashflow against budgets and forecasts</li> </ul>
Universities ceasing membership as all university costs come under increased scrutiny given the challenging economic climate	<ul> <li>Focus on efficiencies and target operating model services to generate savings for members</li> <li>Member relationship management with increased remote engagement</li> </ul>

## REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

### Objectives and Activities, Achievements and Performance

In setting the objectives and planning the activities of the charitable company the Management Committee has given consideration to the Charity Commission's general guidance on public benefit, and in particular to its supplementary public benefit guidance on the advancement of education. The objects for which the charitable company is established are to promote the efficiency of the administration of educational charities in direct pursuit of their objects by:

- (a) advice, training and information about financial planning, effective management procedures, and the best use of available resources, and
- (b) any other assistance appropriate to the provision of financial planning, procedural advice and resource management.

The services provided promote the efficiency and effectiveness of educational charities. The directors have access to the Charity Commission's website which they review regularly, to help ensure that the aims of the charitable company meet the public benefit requirement. The directors confirm that they have complied with the duty in section 17(5) of the Charities Act 2011 to have due regard to the Charity Commission's general guidance on public benefit.

SUMS Consulting this year has continued to focus on delivering consulting assignments, seminars and workshop events to help Members ensure their organisations are efficient and effective given the challenges faced by the Higher Education sector, and particularly in light of the challenging economic climate and the need for universities to be sustainable.

SUPC continues to focus on providing collaborative procurement solutions to its members.

The Procurement Shared Service (PSS) division has focused on the delivery of a procurement maturity assessment programme and procurement consultancy support to English Higher Education institutions with the aim of supporting institutions to improve procurement, their efficiency and effectiveness, and the value for money they deliver.

The objectives, activities, output and achievements of SUMS Consulting and SUPC are set out in detail in their separate annual reviews that focus on their operating activities. These reports are available either from their respective websites (<a href="www.sums.org.uk">www.sums.org.uk</a> and <a href="www.sumc.ac.uk">www.sumc.ac.uk</a>), or upon request to the charitable company at its registered office. Copies of the annual reviews are distributed widely within the HE sector and beyond.

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

#### STRATEGIC REPORT

#### **Financial Review**

The financial year to 31 July 2022 saw a small overall deficit for the charitable company of £9,721 (2021: £260k surplus). Significant growth in fee-paid consultancy, from £551k in 2020/21 to £908k in 2021/22, and growth in subscription income, from £1.498m to £1.685m, were largely offset by a substantial increase in the USS pension scheme provision of £386k. In addition, a one-off Section 75 payment of £55k was made to the UREPF pension scheme trustees upon the retirement of the last active employee in the scheme. With the easing of Covid restrictions allowing for new hybrid ways of working, travel and inperson meeting costs also rose to £43k (2021: £1k).

#### Incoming Resources

Overall income for the year is £3,109k, an increase of £650k (26%) on prior year (2021: £2,459k), with the majority of income (54%) obtained from SUMS and SUPC subscriptions.

#### Resources Expended

Overall expenditure for the year is £3,119k which includes all pension provision and settlement costs, an increase of £919k (42%) versus prior year (2021: £2,199k).

As with prior years, the largest proportion of expenditure (53%) relates to professional staff and consultants' costs, to deliver consultancy and support activities to our Members.

#### Reserves Policy

The directors review and consider the charitable company's reserves in the context of risks and funding. In setting a reserves policy the directors aim to establish reasonable, but not absolute protection against risks and to balance this with the need to deploy resources in pursuit of the company's charitable objectives. SUMS maintains financial reserves to provide flexibility to meet:

- Future investments for new and/or growing areas of activity
- · Annual fluctuations in operating income and/or expenditure
- The liability that is to arise from SUMS defined benefit pension schemes
- An element of financial risk, to which the company is exposed
- Most potential unexpected costs.

The Management Committee set the target for the 2021/22 financial year for free reserves – working capital – to be maintained in a range of 6 and 9 months of operating costs. Free reserves held at 31 July 2022 were within this target range.

### Reserves Held

The University of Reading Employees' Pension Fund (UREPF) was closed to new entrants on 31 August 2011 and since then the number of active members of the scheme has been in decline. SUMS ceased to have any active members of the scheme on 31 May 2022 and a cessation event was triggered. The liability had been estimated by the scheme's actuaries to be £184k as at 31 July 2020 and this amount was held in a designated fund in accordance with the reserves policy. The final valuation of the liability was £55k, which was paid during the financial year. Designated reserves were nil at 31 July 2022.

Total reserves at the end of the financial year were £1,529k (2021: £1,538k), a 0.6% reduction on prior year.

### REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

### **Principal Funding Sources**

The majority of the charitable company's funding is from its membership subscriptions and subscribers. As at 31 July 2022 there were 36 Members of the charitable company (2021: 28) and 61 subscribers to SUPC: 46 full subscribers and 15 associates (2021: 61).

Additional funding comes from consulting work over and above core membership work, retention of some marketing rebates for contract support activities, and fees for events.

#### Investment Policy

SUMS' key investment objective is to preserve the capital value of its investments with a low level of risk, whilst ensuring that an adequate level of assets is readily available to meet all expected cash flow requirements. In this regard, all investments are held within cash or near cash investments and are spread across several institutions who fulfil the criteria set out within the SUMS investment policy.

### Going Concern

Having reviewed the strategic risks, the current financial position of SUMS and the financial projections which sit alongside the overarching strategy, the directors consider that adequate resources continue to be available to fund future plans. Accordingly, the directors are of the view that the Charity is a going concern.

REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

#### **Future Plans**

The charitable company plans to continue similar activities into future periods, tailoring the content of these activities to meet specific member needs alongside focusing on the issues, challenges and opportunities emerging for the Higher Education sector.

SUMS Consulting will continue to offer Members access to specialist HE expertise through the provision of consulting services and access to its knowledge hub, along with a range of member events and publications. SUMS Consulting will ensure its capabilities continue to meet the evolving requirements of Members in areas such as digital transformation, efficiency and effectiveness, and student wellbeing. SUMS Consulting has developed a modular efficiencies and Target Operating Model offering that will help universities realise efficiencies. This includes a procurement module that leverages the expertise within SUPC and PSS. SUMS will also support the wider HE sector through the provision of fee paid consulting services to non-Members, as required.

SUPC will continue to deliver value for money to members through the provision of compliant frameworks and value adding services that enhance the core offering. In addition, SUPC is to continue its successful strategic partnership with sister consortium, LUPC and membership of UK Universities Purchasing Consortia (UKUPC), with the aim of offering greater value to members through aligned activity and driving up collaborative procurement across the HE sector.

The Procurement Shared Service division (PSS) is offering a Procurement Maturity Assessment product (PMA+) that is delivered virtually and meets the needs of universities seeking to benchmark their procurement, as recommended by government in the recent Procurement Green Paper. PSS will continue to provide specialist procurement consulting and other resources to the sector with the aim of improving sector procurement.

## REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 JULY 2022 (continued)

### **Directors' Responsibilities Statement**

The directors are responsible for preparing the Strategic Report, the Directors' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently:
- observe the methods and principles in the Charities SORP:
- make judgements and accounting estimates that are reasonable and prudent:
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed an explained in the financial statements:
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The directors are responsible for keeping proper and adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

#### **Auditors**

The auditors, James Cowper Kreston, have indicated their willingness to stay in office.

The financial statements were approved by the directors on  $\frac{1}{\sqrt{20.22}}$  and signed on their behalf by:

### STATEMENT OF FINANCIAL ACTIVITIES FOR THE YEAR ENDED 31 JULY 2022

#### **OPINION**

We have audited the financial statements of Southern Universities Management Services (the 'charitable company') for the year ended 31 July 2022 which comprise the Statement of financial activities, the Balance sheet, the Cash flow statement and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 July 2022 and of
  its incoming resources and application of resources, including its income and expenditure for the
  vear then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### **BASIS FOR OPINION**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **CONCLUSIONS RELATING TO GOING CONCERN**

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

#### OTHER INFORMATION

The other information comprises the information included in the Annual report other than the financial statements and our Auditors' report thereon. The Directors are responsible for the other information contained within the Annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

### STATEMENT OF FINANCIAL ACTIVITIES FOR THE YEAR ENDED 31 JULY 2022

We have nothing to report in this regard.

#### **OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Directors' Report has been prepared in accordance with applicable legal requirements.

#### MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

In the light of our knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- · the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the Directors' Report and from the requirement to prepare a Strategic Report.

#### **RESPONSIBILITIES OF DIRECTORS**

As explained more fully in the Directors' responsibilities statement, the Directors (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance.

### STATEMENT OF FINANCIAL ACTIVITIES FOR THE YEAR ENDED 31 JULY 2022

The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

The specific procedures for this engagement that we designed and performed to detect material misstatements in respect of irregularities, including fraud, were as follows:

- Enquiry of management and those charged with governance around actual and potential litigation and claims;
- Enquiry of management and those charged with governance to identify any material instances of non-compliance with laws and regulations;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations;
- Performing audit work to address the risk of irregularities due to management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for evidence of bias.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's report.

#### **USE OF OUR REPORT**

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and its members, as a body, for our audit work, for this report, or for the opinions we have formed.

Alexander Peal DChA BSc (Hons) FCA (Senior Statutory Auditor)

#### NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022

### 1. General information & Principal Accounting Policies

Southern Universities Management Services ("the charitable company") is a public benefit entity limited by guarantee domiciled and incorporated in England and Wales (registered company number 02732244). The address of the charitable company's registered office and principal place of business is University of Reading, Reading Enterprise Centre, Earley Gate, Whiteknights Road, Reading, RG6 6BU.

A summary of the more important accounting policies, including those affecting the most significant items in these financial statements, is set out below:

#### a) Basis of accounting

The accounts have been prepared under the Companies Act 2006 and in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with FRS 102 (effective 1 January 2019) – (Charities SORP (FRS 102)). The accounts are drawn up on the historical cost basis of accounting.

Monetary amounts in these accounts are rounded to the nearest £ except where otherwise indicated.

### b) Going concern

After making enquiries, the directors have a reasonable expectation that the charitable company has adequate resources to continue its activities for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements as outlined in the statement of directors' responsibilities. The directors have considered the effect of the current economic climate on the operations of the entity. Based on their analysis and the considerable growth particularly in consulting income over the past two years, they have concluded that the entity remains a going concern.

#### c) Funds

If there is a restriction on the purpose to which a fund may be put, the fund is classified as a restricted income fund. In instances where restrictions on the use of grants are set, the grant is spent according to these requirements. Designated funds compromise unrestricted funds and are earmarked for specific purposes by the directors.

#### d) Income

Income attributable to the financial year is recognised as follows:

- subscription fees are accounted for in the year in which the membership benefit is provided
- consultancy income is accounted for on an accruals basis, in the period in which the work is undertaken
- event income is accounted for at the date the event occurred
- grant income is accounted for at the point the charity is entitled to the income and performance related conditions are met
- marketing premium income is accounted for in the period it is earned
- investment income is accounted for in the period it is earned.

Income is allocated to the appropriate activity within SUMS, SUPC, PSS, Marketing and Communications (M&C) and Central by way of individual cost centres.

### NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

## 1 General information & Principal Accounting Policies (continued)

### e) Funds received as agent

The charitable company receives rebate income from the suppliers of the SUPC member universities under the purchasing consortium agreements. The income recognised in the accounts is the amount retained by SUMS to further their charitable objectives. All other funds received and dispersed to the member universities are not recognised as income and expenditure in accordance with the Charities SORP 'Accounting for Funds received as Agent'.

#### f) Expenditure

Expenditure is recognised on an accruals basis in the period in which the liability is incurred. All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs are allocated to the appropriate activity within SUMS, SUPC, PSS, M&C or Central by way of individual cost centres. Costs relating to a particular activity are allocated directly; others are apportioned on an appropriate basis.

#### g) Governance costs

Governance costs include costs associated with providing the governance infrastructure and generating required statutory information. The costs include audit, legal and accounting fees and an apportionment of salary costs to approximate time spent on strategic management and governance of the charitable company.

### h) Tangible fixed assets

Capital items with a cost exceeding £2,000 are capitalised and depreciated. Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life, which in all cases is estimated at 4 years.

#### i) VAT

Irrecoverable VAT is charged against administration costs.

#### i) Investments

The charitable company has elected to hold funds in deposit accounts with banking institutions. The funds are on deposit and interest has been recognised on an accruals basis.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

### 1. General information & Principal Accounting Policies (continued)

### k) Retirement benefits

The charitable company participates in both the Universities Superannuation Scheme (USS) and the SUMS Pension Plan (SUMSPP).

The USS is a hybrid pension scheme providing defined benefits (for all members), as well as defined contribution benefits. The assets of the scheme are held in a separate trustee-administered fund. Because of the mutual nature of the USS scheme, the assets are not attributed to individual institutions and a scheme-wide contribution rate is set. SUMS is therefore exposed to actuarial risks associated with other institutions' employees and is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. As required by Section 28 of FRS 102 "Employee benefits", SUMS therefore accounts for the scheme as if it were a wholly defined contribution scheme. As a result, the amount charged to the profit and loss account represents the contributions payable to the scheme. SUMS has entered into an agreement (the Recovery Plan) that determines how each employer within the scheme will fund the overall deficit, and so recognises a liability for the contributions payable that arise from the agreement (to the extent that they relate to the deficit) and therefore an expense is recognised.

The SUMSPP is a defined contribution scheme and the amount charged to expenditure is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

The charitable company also participated in the University of Reading Employees' Pension Fund (UREPF) until 31 May 2022 when the last remaining active member retired. Further information is provided in Note 18.

## Operating leases

Rentals paid under operating leases are charged to the SoFA on a straight-line basis over the lease term.

#### m) Financial Instruments

The charitable company has applied the provisions of Section 11 'Basic Financial Instruments' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when the charitable company becomes a party to the contractual provisions of the instrument, and are offset only when the group has a legal enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise and settle the liability simultaneously.

#### Financial assets

Trade and other debtors (including accrued income) which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

## NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

### 1. General information & Principal Accounting Policies (continued)

#### m) Financial Instruments (continued)

Where the arrangements with a debtor constitutes a financing transaction, the debtor is initially measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument and subsequently measured at amortised cost.

A provision for impairment of trade debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised according to the original terms of the contract. Impairment losses are recognised in the SoFA for the excess of the carrying value of the trade debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, and are recognised immediately in the SoFA.

#### Financial liabilities

Financial instruments are classified as liabilities according to the substance of the contractual agreements entered into. Trade and other creditors (including accruals) payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being transaction price less any amounts settled.

Where the arrangements with a creditor constitutes a financing transaction, the creditor is initially measured at the present value of future payments discounted at a market rate of interest for a similar instruments and subsequently measured at amortised cost.

#### Derecognising financial assets and liabilities

A financial asset is derecognised only when the contractual rights to cash flows expire or are settled, or subsequently all the risks and rewards of ownership are transferred to another party, or is some significant risks or rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

#### n) Critical accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The charitable company makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The only accounting estimates which the directors believe that the charitable company has is the reliance on the underlying assumptions which have been used by the actuary in the valuation of the pension scheme deficit.

#### o) Taxation

The charitable company is a registered charity, and as such is entitled to tax exemptions on income and gains, properly applied for its charitable purposes.

## NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

## 2. Net income/(expenditure) for the year is stated after charging:

	2022 £	2021 £

Provision c/fwd	-	662,639	-	276,528

The above provision relates to the requirement under charity SORP that charities must recognise as a liability the present value of future contributions relating to the funding of a pension deficit.

### 12. Deferred income

Deferred income comprises advance membership and consultancy.

Balance as at 1 August 2021	372,887
Amount released to income earned from charitable activities	(372,887)
Amount deferred in year	473,005
Balance as at 31 July 2022	473,005

Company Number: 02732244 Registered Charity Number: 1042175 £

### NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

### 13. Funds received as agent

The charitable company acts as an intermediary agent for volume rebates payable under contract by suppliers to subscribers to SUPC. SUPC collects the rebates, retains an agreed proportion and then distributes the balance to subscribers. The charitable company has no legal ownership of the distributable resources and no responsibility for their ultimate application. The amounts collected and due to be collected are therefore not recognised in the Statement of Financial Activities.

	2022 £	2021 £
Opening balance 1 August	414,304	434,534
Received during the year	1,577,186	1,123,337

## NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

## 17. Related party transactions

No director of the charitable company or any persons connected with them have received any remuneration, and no director claimed reimbursement of expenses during the year.

Southern Universities Management Services has a service agreement with The University of Reading. During the year the charitable company received the following value of goods and services from The University of Reading:

	2022	2021
	£	£
Room hire and catering	1,730	30
IT and telecommunications	2,115	3,650
Printing and postage services	1,579	5
Rent and maintenance	65,423	66,624
Professional fees	36,887	36,420
	107,734	106,700

The University of Reading is also a member of the charitable company and a subscriber to SUPC. Subscriptions and fees are paid by them which are consistent with all other Members. The subscription fees and other income received from the University of Reading are set out below:

	2022	2021
09.1	£	£
SUMS membership fee	35,900	35,400
SUPC membership fee	11,900	11,750
Consulting income		25,870
Grant income	1,995	2,520
	49,795	75,540

The grant received from the University related to salary costs for one short-term internship placement of a University of Reading student at SUMS.

At 31 July 2022, The University of Reading held investment funds of £657,796 (2021: £557,715) on trust for the charitable company.

### NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

#### 18. Pensions

#### **Universities Superannuation Scheme**

The institution participates in the Universities Superannuation Scheme (USS), a defined benefit scheme. At 31 March 2022, USS had 212,306 active members and the institution currently has 9 active members participating in the scheme.

The assets of the scheme are held in a separate fund administered by the trustee, Universities Superannuation Scheme Limited. Appointments to the board of the trustee are determined by the trustee company's Articles of Association. There are currently twelve members of the trustee board, of which four are appointed by Universities UK, three are appointed by the University and College Union (of whom at least one must be a USS pensioner member) and the remaining are independent directors appointed by the board

Part of the trustees' role is to set risk and return parameters which reflect the strength of the sponsoring employers and the nature of the scheme's liabilities. These parameters, taken together with the anticipated returns, form the basis of the trustee's funding strategy. These parameters are informed by advice from its internal investment team, its investment consultant and the scheme actuary, as well as an independent assessment of the support available from the sponsoring employers.

The fund is invested in a wide range of assets classes, both publicly traded (including equities and fixed income) and private (including private equity, infrastructure, property and timberland). A diversified portfolio helps to spread investment risk across different asset classes and to boost the level of confidence in maintaining sufficient investment returns from the fund as a whole. This investment approach is innovative and responsible, and is targeted at achieving returns required to meet the scheme's liabilities.

During the last scheme year, USS completed its latest full valuation, calculated as at 31 March 2020. Following this, a number of changes to scheme benefits were introduced. These included lowering the salary cap, the accrual rate and limiting the inflationary benefit increases.

According to the latest Report and Accounts, the asset value of the DB section at 31 March 2022 was £88.9 billion and is the market value of the scheme's DB assets based on the audited asset value in the scheme's accounts. This was an increase of £8.3 billion from 31 March 2021. The estimated deficit has reduced as the scheme has moved from being 84% funded in 2021 on a Technical Provisions basis to 98% funded in 2022.

USS is a "last man standing" scheme, so that in the event of the insolvency of any of the participating employers in USS, the amount of any pension funding shortfall (which cannot otherwise be recovered) in respect of that employer will be spread across the remaining participant employers and reflected in the next actuarial valuation of the scheme. As the funding level has considerably improved, there is now less risk that these employers will need to fund any significant shortfall.

#### University of Reading Employees' Pension Fund (UREPF)

SUMS participated in the University of Reading Employees' Pension Fund (UREPF), a defined benefit scheme governed by a board of Trustees, until 31 May 2022. The last remaining active member retired on this date, triggering a Section 75 debt. This was originally estimated to be £184,000. The default approach to calculating this debt is to conduct a full valuation to establish the latest funding position. However, following an agreement with both employers, the scheme actuary used a roll-forward method to calculate the funding position. This had improved considerably since the previous estimation and so

## NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 JULY 2022 (continued)

the amount to be paid by SUMS was reduced to £55,000. The debt was duly paid and SUMS' participation in UREPF ended.

### Southern Universities Management Services Group Personal Pension Plan (the Plan)

A trust-based defined contribution scheme (University of Reading Pension Scheme - URPS) was set up to replace UREPF for new entrants from 1 August 2011. SUMS participated in URPS, which is administered by Aviva, until 31 March 2019. From 1 April 2019, the SUMS Group Personal Pension Plan was set up. The scheme was set up due to the Master Trust Regulation introduced in the Pension Schemes Act 2017. Members of URPS employed by SUMS were transferred to the new arrangement but retain their accrued benefits in URPS.

The Plan is a contract based Group Personal Pension arrangement with members holding an individual contract with the Plan provider, Aviva, directly. The scheme is a Qualifying Scheme for auto-enrolment purposes. The latest re-enrolment date was 1 January 2020.

As at 31 July 2022, the Plan had 1.7 active members. The contribution rate (ignoring salary sacrifice) payable by SUMS is 5% of pensionable salaries for members who have been employed less than 5 years and 7% for members who have been employed 5 years and over. Members must contribute a minimum 4% of their pensionable salaries to the scheme. Pension contributions are usually deducted via salary sacrifice.

The pension costs incurred in relation to the respective schemes are set out below:

	2022		2021	
Pension costs	Employer contribution	Active members	Employer contribution	Active members
USS	148,235	9	140,442	9
UREPF	61,505*	0	7,699	1
SUMSPP	29,747	17	21,618	11
	239,487	26	169,759	21

<sup>\*</sup> This includes the one-off payment of £55,000 paid on termination of SUMS' participation.

## 19. Reconciliation of net income/(expenditure) to net cash flow from operating activities
